Version 3.0 (09/07/2020)

How we are making your journey with us COVID-19 secure

With an increased focus on duty of care and corporate and social responsibility we can provide COVID-19 safety compliant and reliable ground transportation solutions. We have worked hard to put in place even more measures to make sure you, our customers, and our people, can travel safely on-board our coaches.

Cleaning

We have implemented enhanced cleaning regimes. Our vehicles are cleaned multiple times a day; which includes the disinfection of all high contact areas with antiviral products and fogging systems.

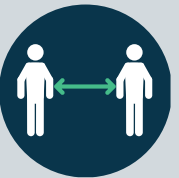

Drivers

Drivers have been issued with personal protective equipment and driver protective screens have been fitted on all own fleet vehicles.

Face coverings

It is mandatory for customers to wear face coverings (preferably face masks) as per government advice. We also supply our drivers with personal protective equipment where necessary.

On-board signage

We have visual reminders on our coaches regarding social distancing whilst on-board.

NEW Purifying Air Filters

Our new air filtration systems will regularly purify the air on-board the vehicle throughout your coach journey.

Boarding

Passengers will be required to load rear seats first and leave the vehicle in the reverse order to avoid walking past sitting passengers.

Temperature Checking

All drivers are temperature checked prior to starting their shift and all passengers are required to be temperature checked prior to boarding the vehicle.

Hand Sanitiser

Hand sanitiser dispensers have been installed on-board our vehicles for both driver and passenger use. Please ensure that you clean your hands upon boarding & alighting the vehicle.

Vehicle Capacity & Seating

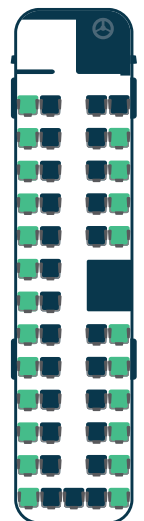

Our new social distancing vehicle capacities are as follows:

Vehicle (original capacity)	New (max capacity)
34	17
35 VIP	17
49	25
53	27
77	38

Seating

Passengers will be required to only use designated seats to adhere to social distancing rules. Unavailable seats will be clearly marked.

*max capacities can vary dependant on vehicle size

When waiting for your coach, keep a 2m distance from others in the queue when possible to do so.
